NIGHT + DAY

20th - 21st November 2018

An invitation to every
Methodist Church, to pray
for the Church in mission

Our hope – that each church across this island would commit once again to one 24-hour period of prayer, beginning on Saturday the 20th of November and ending with a family service (material will be provided) on the Sunday morning.

An Island and church, people of all ages, united in prayers of praise, request and repentance, night and day, with our ears open to hear what God may say to His people.

The focus is on mission, our presence in the communities and country we belong to, that we might be envisioned and challenged once again, to be sent out to fulfill God's mission in this land.

Sign your church up to be part of this exciting initiative and receive resources at our website. You will also find information on: how to run night and day prayer, how to engage your local community through your prayer room and prayer station ideas.
