

A prayer for the Container Ministry

William Carson and a team of volunteers coordinate the work of the Container Ministry, which works out of a warehouse in Lurgan. Recent containers have gone to Zambia and Latvia.

Dear Lord, our Provider and Saviour,

Thank you for the benefits we receive from living in this land of plenty. Bless the work of the Container Ministry in its partnership with the world church. Thank you for kind donors who freely give what is freely received. Bless the volunteers & encourage them in this generous work. Bless the merchant sailors, truck drivers and crane operators, transporting strategic supplies for the work of your Kingdom. Move in the hearts & minds of the port agents in receiving countries to minimise delays in delivery of the containers. Thank you that no container has ever been lost in 26 years of work. Guide us in changing times as we respond to new requests from our world church partners. Amen
