

Just to encourage you – I normally preach to around 50 people each Sunday, but have had 367 people who have listened to my online sermon so far! No virus can stop His Word. (Probably helps that they don't see me. I've a great face for radio).

Exploring using Zoom to host a weekly Bible study. My technical folk are setting it up. Even I (a Luddite) was able to sign up for the video conferencing.

God is good – all the time.

Shalom
